#### **STAR BOOSTERS**

"And the first place in the news story competition goes to . . . the St. James MORNING STAR!" This event climaxed for the Jimmies the Northern Interscholastic Press Association's convention at UND, April 27-28. The meet, attended by St. James amateur journalists, proved to be extremely informative and entertaining, they claimed.

Sessions on photography, straight news, features and lay-out were all part of the agenda planned to help students improve their publications.

In the competition department, the MORNING STAR, in addition to the top news story award, earned honorable mention in column writing and service to schools, and garnered an All-Northern rating in the printed paper classification.

The STAR also took top honors, an All-American award, in the NSPA critical rating contest for the fall semester. Judges cited the paper especially for its attractiveness and coverage.

#### **NO LOSS HERE**

Alan Larivee, announced at the May 13 meeting of the Science Club as the winner of the book review contest, received as his prize, his choice of a science book. However, Al did not choose a book, but instead donated the money to the science department. Mary Dale Youngern was runner-up in the contest.

## Jimmy Parents Stage Dinner for Athletes

By Tom Stangby

Athletics has definitely taken its place in our modern-day world. Sports participation and excellence has been dubbed a necessity in order that the U.S. might maintain its prestige among the other nations of the world. Because football, basketball, hockey and track are not compulsory in our school systems, much credit should be given to our athletes for having the gumption to participate. Some win awards, but what happens to those who put everything they had into the sport but got nothing out of it but a few blisters and a sore back?

The senior boys who did not pull a letter out of the season would have come out of it empty-handed but for the initiative and generosity of a group of supporting parents at St. James. All senior boys who participated in athletics, the three coaches — Mr. Roman Horejsi, Mr. John Roche, and Mr. Vern Hebert, and the cheerleaders were guests of the parents at a banquet on Tuesday, May 19, at the Golden Hour.

This project served not only to honor out-going senior athletes but to stimulate greater participation in school sports. Each boy received a billfold as a memento of the event.
